April/May 2020

Home schooling, you've no doubt found out by now, is not easy. No-one prepared you for this situation and as teachers, we don't want you to be in it! We want to be doing our jobs. We want to be educating the nation's children; and we want you to know that we will do our very best to make up for lost time when we can.

We are now using 2 platforms for remote digital learning – either Seesaw or Microsoft Teams. We are so proud of our teachers and pupils for accessing this innovative way forward to support learning. Well done to all!
