Literacy: Phonics

Today we would like you to practise all your sounds using the phonics cards in your homework folder. You can also practise the songs. [Jolly Phonics a-z](#)

We would like you to have a go at building sentences from the pictures below using the CVC and common words we have been practising for the past few weeks. For example:

Handwriting

We have now revisited all our curly caterpillar letters, today I would like you to have a go at practising all these letters in your jotter or on paper.

Story of 10

For the past few weeks we have been learning our number bond facts. Today we will be doing the story of 10 and looking at all the ways you can make 10. For this activity you will need two plates and 10 objects which you can use to help you count, such as toy cars, pasta, small toys etc. Share your 10 objects between the two plates to make different number sentences for 10. For example, 5 cars on one plate and 5

on the other would mean $5+5=10$. Use the template below to show all the ways you can make 10.
