Tuesday 12th January

Literacy:

Word Families

Today we are going to be learning about words from the 'ad' word family. Words in the **ad** word family all end in **a d**. Follow the link and join in with Jack Hartman's song to help you learn more about this. [Word Family -ad | Phonics Song for Kids | Jack Hartmann - YouTube](#)

Now 'have a go' at sounding out and reading each word.

bad	dad	had
mad	pad	sad

Can you 'have a go' at writing each word and then draw a picture for each word.

Challenge – Can you think of any other words from this family?

Can you use 1 of your words in a sentence?

Maybe someone at home could help you to 'have a go' at writing this sentence just like we do in class.

Handwriting

It is really important that we practise the correct letter formation and orientation. Today we are going to focus on one of our 'curly caterpillar' letters the letter 'c'.

Remember, to write this letter, we **start at the top, go round and stop**.

Can you have a go at writing this in the air with your finger first, just like we do in class. 😊

Now let's practise some more, here are some ideas you might want to try.

<p>Write your letter 10 times in your jotter.</p> <p>c c c c c c c c c c or c c c c c c c c c c</p>	<p>Make your letter using play dough.</p> 	<p>Lay out some shaving foam/salt/uncooked rice/glitter and get writing!</p> 	<p>Go outside and write in the mud/snow/ice.</p> 	<p>Go outside and make your letter using stones (or anything you can find)</p> 
---	---	--	---	--

Common Words

Continue to practise these five common words. You can read them, find them in a book or write them.

the	in	he	with	be
-----	----	----	------	----

Numeracy:

Warm-up

Practise counting forwards, starting from any number e.g. 5, 12, 19, 24 etc.

You don't always need to start at 0 and let's see how high you can go!

Can you make your own set of flashcards? Write your numbers from 0 – 20 writing only **one** number per card. Keep these cards somewhere safe they will come in useful when we are doing our maths work at home. 😊

0	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20
---	---	---	---	---	---	---	---	---	---	----	----	----	----	----	----	----	----	----	----	----

Addition Sums

Can you have a go at completing the following addition sums. We have created a chilli challenge for you. The green sums are the simplest and the hotter the chilli gets the harder the sums get. Choose a level you are comfortable starting with and see how you get on. You can stop after 1 level is complete, you can move onto the next level or you can even try them all! It's your choice! Good Luck!

Mild 	Spicy  	Hot!!   
$4 + 2 =$	$8 + 2 =$	$12 + 3 =$
$3 + 3 =$	$7 + 6 =$	$11 + 5 =$
$5 + 1 =$	$9 + 5 =$	$14 + 4 =$
$6 + 3 =$	$8 + 8 =$	$15 + 5 =$
$4 + 5 =$	$7 + 9 =$	$16 + 3 =$

In school we would usually write each sum down and use counters to help us solve the answers. You might want to think about using something in your house e.g. dry pasta shells, small toys, crayons etc. to help you complete this challenge.

For example.

$$\begin{array}{c} 4 \\ \text{★} \quad \text{★} \\ \text{★} \quad \text{★} \end{array} + \begin{array}{c} 3 \\ \text{★} \quad \text{★} \\ \text{★} \end{array} = \begin{array}{c} 7 \\ \text{★} \quad \text{★} \quad \text{★} \\ \text{★} \quad \text{★} \quad \text{★} \end{array}$$

Health and Wellbeing:

- In school we have lots of fun doing Cosmic Yoga together, maybe you could try this with someone at home? Follow the link to take part in some yoga with Joybob the Polar Bear. [Joybob The Polar Bear | A Cosmic Kids Yoga Adventure! - YouTube](#)

- Arts and Crafts – Can you design a winter scarf? You could draw it, paint it or even use other materials to make a collage.

Please share any pictures with us on Seesaw or you can email us some photographs of your designs.

- As we begin the New Year 2021 it is the time of year where people like to set themselves new goals, challenges and targets. Can you have a think and try and set Yourself 3 goals.
 1. Something you would like to do/get better at in school?
 2. Something you will do or would like to get better at in the house?
 3. Something new you would like to try this year?

You can discuss this with someone at home and complete the activity on Seesaw to share your 3 goals with us. We look forward to hearing from you!
