

PI Home Learning

Friday 29th January

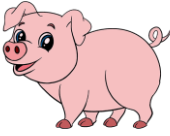

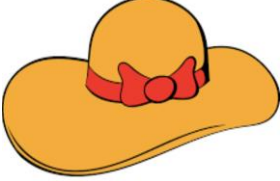

Literacy: Phonics

Today we would like you to practise all your sounds using the phonics cards in your homework folder. You can also practise the songs. [Jolly Phonics a-z](#) This video has all the jolly phonics songs in alphabetical order.

Today we are going to be looking at finding the middle sounds in a word. Finding or hearing the middle sound can be tricky so make sure you go slowly and try and sound out every letter, a grown-up at home can help you do this. Have a look at this video before you start the activity. [Middle Sounds](#) There is also an activity on Seesaw where you can practise this and hear Miss Hughes explain it further. 😊

Have a go at writing the middle sound in the space under the picture.

Common words

Keep practising your common words.

to	it	for	l	have
----	----	-----	---	------

Numeracy:

Warm up

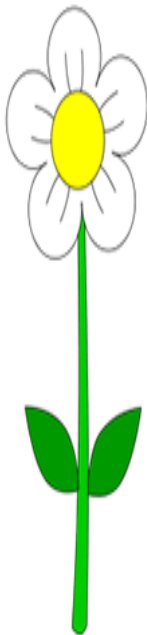

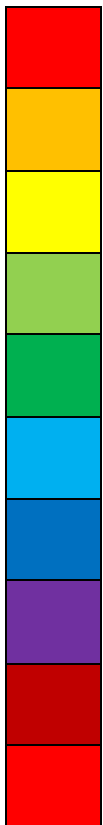

Join in with this Jack Hartmann subitizing video. [Jack Hartmann subitize fast](#)

Measure – Length

This week we have been learning all about length and using the words longer and shorter. Here is a game on Top Marks where you can practise what you've learning this week.

[Top Marks Compare Game](#). There is also a link to this game on Seesaw.

Today we will be measuring objects using cubes. Count along to see how many cubes long or tall the object is. Then answer the questions at the end.

The pencil is _____ cubes long.

The butterfly is _____ cubes long.

The white flower is _____ cubes tall.

The orange flower is _____ cubes tall.

What is the shortest object?

Health and Wellbeing

- Join in with the Joe Wicks workout today.

French

- Join in with French Friday today. Miss Howarth has made a French activity for you to do today, you can find this on the website or the app.

Music

- Please go on Seesaw to find your Create music task for this week.

Have a great weekend Owls and Squirrels!
