

# P2/3's Home Learning

Wednesday 27th January 2021

**Literacy:** *Direct Teaching on Seesaw*

## Spelling/ Handwriting

Spell each of your spelling words using Pyramid Writing. Once you have finished, sound out each word and have a go at spelling aloud.

For example 

### Word list:

name, good, sentence, man, think, say, great, where, help and through.

**Phonics:** *Direct Teaching on Seesaw*

## 'cl'

Listen to the following video to be introduced to our weekly sound.

<https://www.youtube.com/watch?v=yrDffjZaMCs>

Once you have listened to the video, have a go remembering any 'cl' words you heard. Can you think of any others? Create a list of as many words as you can containing the 'cl' sound.

### Task 1

Make a list of all the 'cl' words you can think of. Sound them out as best as you can and ask an adult for help if you really need it.

### Task 2

Take pictures of any items you can find around your house which have the 'cl' sound in their name.

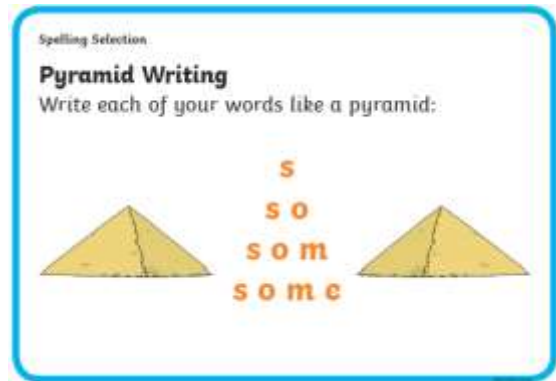

### Task 3

Write two sentences using some of the 'cl' words you have learned today. Make sure you are using connectives where possible. You can use the connective 'and' or 'but' to join two sentences together or to add extra information about your first sentence.

Send completed work to me on Seesaw or send to my email address below.

Have fun!

## Draw and Measure Lines

### Amazing Fact

A pencil has the potential to draw a line 38 miles long.

### Challenge

Using a ruler and a pencil, draw lines the lengths stated in the boxes below.

2cm
5cm
10cm
4cm
6.5cm
3.5cm
9.5cm

You could also try to find out:

- what the longest line ever drawn was;
- whether the pencil or the rubber came first;
- when the pencil was invented;
- how a pencil is made.

Once you have had a go at drawing the lines for each of the lengths, try to find an object which measure each of the lengths above. Take a picture of each object.
