Use a ball to represent the Earth and a torch for the Sun. In a darkened room, place a sticker on the ball and spin the ball in the torch beam; sometimes the sticker is in full light, sometimes in half light and sometimes in darkness.

Take a picture/video and share it on Seesaw or email.

1. Can you explain why we have day and night by using the words in the box to complete each sentence?

We live on the planet _____.

Light comes from the _____.

The Earth _____ on its axis once each day.

When the Sun shines on our part of the Earth, we are in _____.

When our part of the Earth spins away from the Sun we are in _____.
