

# P3/4's Home Learning

Friday 5<sup>th</sup> March 2021

## Literacy:

Spelling/ Handwriting

Write out your words. By now you should hopefully get them correct first time. Then write them across and down sharing the same first letter.

## Word list:

Brain Box	Genius Gems	Super Stars
happen	ear	bike
seven	gear	like
kitten	hear	bite
mitten	near	kite
button	tear	dive
lesson	bread	five
season	spread	line

## Reading

Your reading book /activity will be sent on See Saw and will be different for each reading group.

## Numeracy - Dividing by 6

Watch the introductory video on See Saw

Please complete the calculations below below.

$12 \div 6 =$

$60 \div 6 =$

$24 \div 6 =$

$36 \div 6 =$

$18 \div 6 =$

$6 \div 6 =$

1. 6 children were at a sleepover. They were given 60 mini chocolate eggs. How many chocolate eggs did they each get?
2. 6 children were playing in the muga. They got very hot so the teacher brought over 12 ice lollies. How many ice lollies did they each have?
3. 6 children were colouring in. The teacher gave them 60 pens to share. How many pens did they each have?

Can you share 24 small items between 6 toys and send a photo to See Saw?

Numeracy Ninja – This is on a separate document and it is some extra maths questions, complete 20 questions each day (day 10).

## Health and Wellbeing:

PE with Joe Wicks

Kick-start the new year with one of Joe Wicks PE at home sessions.

Follow the link below

<https://www.youtube.com/user/thebodycoach/>

You can do this live at 9am or choose a time that suits you.

## Art – Fairtrade Fortnight

When farmers receive higher incomes through Fairtrade they are better able to protect the environment around them.

Can you use whatever art materials you have at home to produce a collage/painting of a rainforest?

Primary 4  
Week Beginning 01/3/21

Bon jour et bienvenue (hello and welcome) to  
*French Friday!*  
Lingobox Learning 11.00am - listen live on Youtube channel,

Revision - Match the words to the pictures

une gomme

une règle

un crayon

un cahier

## The Eiffel Tower

The Eiffel tower in Paris has not always been a favourite landmark in France. When it was first built, the tower was thought to be very ugly by most people and it took quite a while for people to begin to like it!

The **Eiffel Tower** is 320 metres (1050 feet) high and was the tallest man made structure in the world for 41 years until the Chrysler Building in New York was built.

The **Eiffel Tower** is made of iron and weighs around 10000 tonnes.

The Eiffel tower is named after the genius who designed it. Gustave Eiffel was the tower's engineer. He took a lot of criticism after he created it.....

If only he could see now how popular his best art piece is today!

### Glittery Eiffel Tower

Trace the Eiffel Tower outline on two cardboards.

Cut out the Eiffel Towers. Cut one piece vertically from the bottom and cut the top off of the second piece. You'll also need to cut a 1" vertical slit on top of the piece without the tip. That's how you'll put the two pieces together and make it stand.

Spread glue, sprinkle the glitter.

Let the glitter dry before going onto the next step.

As final step, insert the piece without the top, into the piece with the top, perpendicularly. You can glue them together, or better use a bent paper clip to fixate the sides together. Beware, that some glitter will fall off.

### Edible Eiffel Tower

#### Ingredients

12 raspberries  
1/3 or 1/2 of banana

10 blueberries

#### Method

Start from the top of Eiffel Tower: make the highest part with blueberries. Cut the 1/3 or 1/2 of banana (depending on its size) in half and place it just below the blueberries. Make Eiffel Tower base using the raspberries, just place them as shown on the picture below. Enjoy & Bon appétit!

### Straw Eiffel Tower
