### Resilience Alphabet - I for Intention

Over the next few weeks we are going to look at each letter in turn, trying to build up our resilience skills. Today's letter is I. Follow the Instructions below.

## I is for Intention

Intention means thinking about something we want to do and deciding to do it. Sometimes we can be sad and frustrated when something we want to do is not possible. At other times we can be happy that something we intend to do is possible and is even more fun than we expect.

**Think:** What do you intend to do today to make it a special day?

**Say:** "I intend to enjoy today as much as I can!"

**Do:**

- Put your intention to good use today
- Decide which area of your room or set of toys you will tidy up
- Choose to climb the stairs or walk a certain number of steps in one day

## Daily Check In

## Daily Check-in

### An Activity Chosen By YOU! Animal Battle!

Last week I asked you what you wanted to learn about and lots of you said animals!

Imagine we were having an animal battle. Which animal would win?

Your job is to pick ONE animal that you think could defeat ALL other animals in the ultimate animal battle. Research your chosen animal and then create a note, poster or video answering the following questions:

1. Where does it live? (habitat)
2. What are the best traits of your animal that will make it victorious against all other animals? (speed, claws, camouflage, special skills, etc.)
3. What are your animal's weaknesses? (speed, lives alone, poor vision, etc.)

You may use the link below, or use a search engine to conduct your research:

WILL YOU BE VICTORIOUS?
