Literacy:

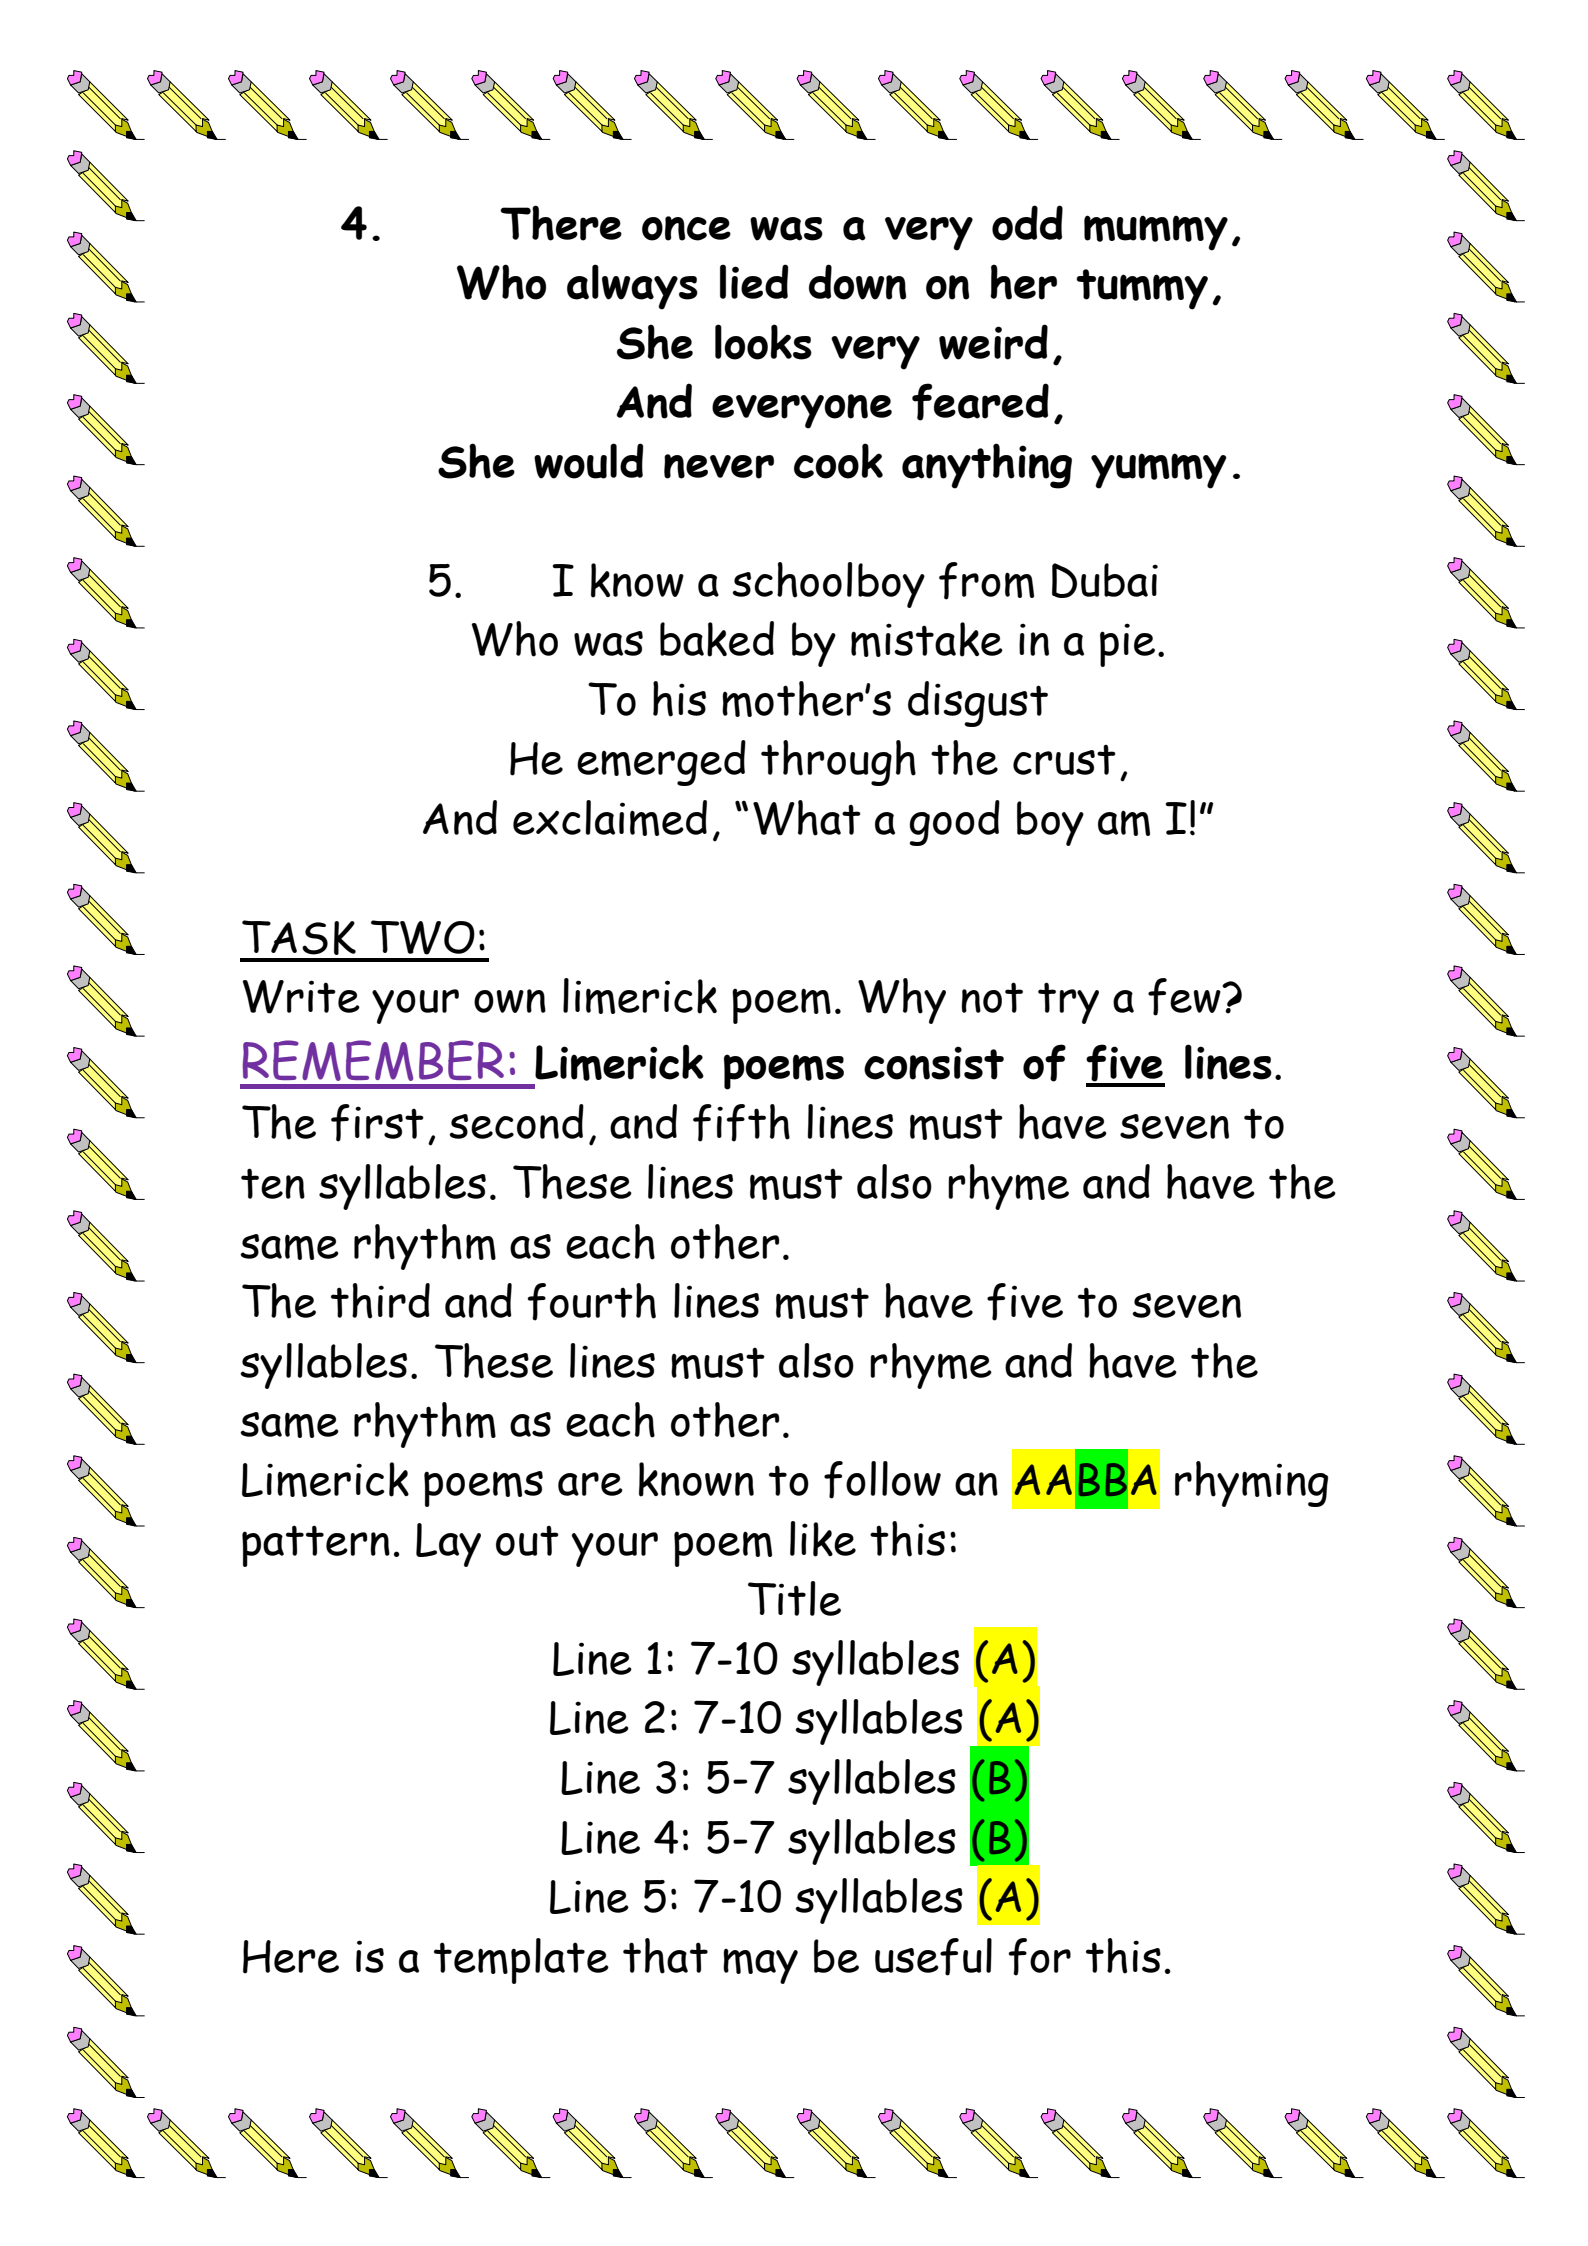

Writing - Limericks

Video explaining how to write a Limerick Poem on Seesaw.

TASK ONE:

Read the following Limerick poems and use a colour to highlight the sets of words that rhyme. Use different colours for each set.

1. **There once was a wonderful star
Who thought she would go very far
 Until she fell down
 And looked like a clown
She knew she would never go far.**
2. There once was a nice Easter bunny
He hopped around when it was sunny
 He injured his leg
 While hiding an egg
Then he didn't find anything funny!
3. **An elderly man called Keith,
Mislaid his set of false teeth;
 They'd been laid on a chair,
 He'd forgot they were there,
Sat down, and was bitten beneath!**

4. There once was a very odd mummy,
Who always lied down on her tummy,
She looks very weird,
And everyone feared,
She would never cook anything yummy.

5. I know a schoolboy from Dubai
Who was baked by mistake in a pie.
To his mother's disgust
He emerged through the crust,
And exclaimed, "What a good boy am I!"

TASK TWO:

Write your own limerick poem. Why not try a few?

REMEMBER: Limerick poems consist of five lines.

The first, second, and fifth lines must have seven to ten syllables. These lines must also rhyme and have the same rhythm as each other.

The third and fourth lines must have five to seven syllables. These lines must also rhyme and have the same rhythm as each other.

Limerick poems are known to follow an **AABBA** rhyming pattern. Lay out your poem like this:

Title

Line 1: 7-10 syllables (A)

Line 2: 7-10 syllables (A)

Line 3: 5-7 syllables (B)

Line 4: 5-7 syllables (B)

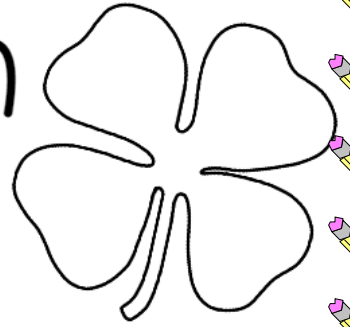

Line 5: 7-10 syllables (A)

Here is a template that may be useful for this.

Repeating Patterns - Numbers

Video explaining Repeating Number Patterns on Seesaw.

Have a look at the following patterns - what rule are they following? What is being added or taken away each time? Complete the patterns by filling in the missing numbers (EACH ROW IS A NEW SEQUENCE).

Continue these sequences:

6	8	10	12				
---	---	----	----	--	--	--	--

0	5	10					
---	---	----	--	--	--	--	--

12	15	18	21				
----	----	----	----	--	--	--	--

90	80						
----	----	--	--	--	--	--	--

55	50	45					
----	----	----	--	--	--	--	--

25	30	35					
----	----	----	--	--	--	--	--

21	24	27					
----	----	----	--	--	--	--	--

105	95	85					
-----	----	----	--	--	--	--	--

35	30	25					
----	----	----	--	--	--	--	--

86	76	66					
----	----	----	--	--	--	--	--

8	12	16					
---	----	----	--	--	--	--	--

Fill in the missing numbers:

2	4			10			
---	---	--	--	----	--	--	--

25		35				55	
----	--	----	--	--	--	----	--

			60	50		30

An Activity Chosen By YOU! Major Organs

A couple of weeks ago I asked you what you wanted to learn about and lots of you said the human body!

Today we are going to learn about the human organs. Here are some links to some videos about the organs. You can watch them all if you have time:

<https://www.youtube.com/watch?v=zKSqNLT8kAA&t=9s>

<https://www.youtube.com/watch?v=XyK0bgb6fIY>

<https://www.youtube.com/watch?v=MneeNYD9luo>

<https://www.youtube.com/watch?v=GYtJKrbqhiQ> -

This is quite a long video but very interesting, if you have time!

Follow these instructions to colour the organs:

1. Colour the heart red.
2. Colour the lungs pink.
3. Colour the liver yellow.
4. Colour the kidneys dark blue.
5. Colour the intestines orange.
6. Colour the gall bladder light green.
7. Colour the stomach purple.
8. Colour the brain light blue.
9. Colour the bladder dark green.
10. Colour the skin a skin tone of your choosing..

Optional extra activity.

Draw the major organs of the body. Cut them out and stick them to yourself or a family member in the correct places. Take a photo or a video of yourself telling me about your organs or a fact that you have learned!
