

Division

Written Method

$$108 \div 4$$

$$225 \div 5$$

$$291 \div 3$$

$$235 \div 5$$

$$301 \div 7$$

$$184 \div 8$$

$$405 \div 9$$

$$368 \div 2$$

$$138 \div 3$$

$$222 \div 6$$

$$756 \div 9$$

Now try some of these trickier division sums. They will have a remainder:

$$145 \div 4$$

$$246 \div 8$$

$$328 \div 5$$

$$622 \div 4$$

$$952 \div 3$$

$$139 \div 6$$

$$285 \div 7$$
