

## Division

### Written Method

$$184 \div 8$$

$$405 \div 9$$

$$145 \div 4$$

$$246 \div 8$$

$$328 \div 5$$

$$622 \div 4$$

$$952 \div 3$$

$$139 \div 6$$

$$285 \div 7$$

$$853 \div 3$$

$$922 \div 5$$

Now try some of these division sums. Instead of showing the remainder as 'r', write the answer as a decimal.

Scan this QR Code to watch a video which will help you. This will show you how to answer the questions with a decimal remainder and we will discuss this on Teams at 12.30.

$$286 \div 4$$

$$729 \div 6$$

$$256 \div 5$$

$$253 \div 2$$

$$820 \div 8$$
