Writing:

L1- I am learning to write a descriptive setting.

Please join me in my direct teaching on Seesaw where we will discuss the following setting description.

Abandoned House on Dark Drive

There has been an abandoned house at the bottom of Dark Drive for as long as anyone could remember. Tall, twisted trees surrounded the building keeping it in a cloak of darkness, even on the brightest of days. The gnarled, long branches looked like witches fingers ready to grab any intruder who entered. The overgrown garden was littered with brambles and thorn bushes. The house itself was not in any better shape. Dark green ivy twisted up the house covering the bricks. The windows were filthy and cracked. It was lifeless. Silent. No one dared even go near it, so what lay inside was a mystery.

1. What type of story do you think this is from?
2. On a piece of paper write down a list of **eight different words or phrases** from the text that help to describe the setting. For example: gloomy, threatening angles.
3. Now **choose two sentences** from the passage and rewrite them using **new adjectives** (describing words). Make sure the new words you add fit with the genre of the story.

For example:

Before: Tall, twisted trees surrounded the building keeping it in a cloak of darkness, even on the brightest of days.

After: Towering, gnarled trees surrounded the building keeping it in complete blackness, even on the sunniest of days.
