

# P5b's Home Learning

## Tuesday 2<sup>nd</sup> February 2021

Please email me at [gw20naeemhumira@glow.ea.glasgow.sch.uk](mailto:gw20naeemhumira@glow.ea.glasgow.sch.uk) with any questions that you may have about your tasks. I would love for you to show me evidence of your great learning also!

Good Morning P5b!

Just a quick reminder that I am in School today so I will not be able to reply or mark work immediately.

### Literacy:

**D.E.A.R** – select a book, magazine, comic or newspaper at home and read for 15 minutes. Why not build a den using pillows and blankets for a cosy read!

**Boggle** – Find as many words as you can.

Remember you are only allowed to use letters once unless there are duplicates in the grid.

Let's challenge ourselves – Words cannot be less than 4 letters!

E	I	X	T	L
E	T	I	N	C
O	M	A	S	F
N	T	E	O	S
D	O	O	S	C

### Handwriting:

**L1** – I am learning to join letters.

Write five sentences using your boggle words.

The best writers in Sandwood Primary are careful with their letter size and do not join break letters in their handwriting. **Show off your best joins 5b!**

**Challenge:** I wonder if you can include effective Vocabulary, Connectives and Openers in your sentences. Remember to read over your sentences to ensure they make sense!

- \* Revise weekly spelling words.
- \* Remember to use SACAWAC when practising your Spelling.  
(Say and Cover and Write and Check your words)

## Spelling Activity:

### Paragraph Challenge

Write a paragraph with several sentences that include each of your spelling words. Can you use them all so that the paragraph makes sense?

My **favourite exercise** is swimming. I often go because it is good for my **heart**. I sometimes find it **difficult** but I **imagine** that a lot of people do. We usually go after we have been to the **library**.

## Grammar:

L1 – I am learning to identify homophones.

Oh no!

It looks as if somebody has mixed up their homophones in the following worksheet.

Read the lullaby and then the poem, can you **identify** the incorrect homophones.

After, **rewrite** the lullaby and the poem in your home learning jotter but this time replacing the incorrect word with the correct homophone.

I know 5b are excellent with their homophones.

**YOU CAN  
DO THIS**

## Numeracy:

**Addition and Subtraction**

Choose whether to solve these questions mentally or by using a written method.

$45 + 46 =$	$1394 + 2847 =$
$360 + 420 =$	$384 + 875 =$
$59 + 65 =$	$149 + 342 =$
$1399 + 678 =$	$2634 + 484 =$

L1 – I am learning to understand tenths and hundredths

## Tenths & Hundredths

We can use base ten blocks to represent hundredths and tenths.

one whole       $\frac{1}{10}$        $\frac{1}{100}$

Create each of these decimal numbers using the base ten blocks.

1. 0.24	2. 0.72
3. 0.66	4. 1.13
5. 1.2	6. 0.47

Please complete this 'Tenths and Hundredths' activity in your home learning jotter.

Don't forget to upload photographs on Seesaw or even send them to my email. I can't wait to see your brilliant numeracy! ❤️

## Health and Wellbeing

*Get moving with GoNoodle or Cosmic Kids Yoga*

Follow these links:

[Cosmic Kids Yoga - Cosmic Kids Yoga - YouTube](#)

[Go Noodle - GoNoodle | Get Moving - YouTube](#)

I wonder if you can complete the daily challenge set for today. I would love to see pictures of your findings.

Here is Day 2:

Tuesday 2<sup>nd</sup> February  
Hedgehog Day

Find out 5 interesting facts  
about hedgehogs.

Topical Science:

Watch BBC Newsround.

Follow this link:

[https://www.bbc.co.uk/newsround/news/watch\\_newsround](https://www.bbc.co.uk/newsround/news/watch_newsround)

Can you summarise what is happening in the world today?

Write the news in bullet points or write a recount. I wonder if you can write your recount in paragraphs.

After, why not send me a voice note of you reading out your bullet points or recount.

I would LOVE to hear!
