

P5b's Home Learning

Wednesday 24th February 2021

Please email me at gw20naeemhumira@glow.ea.glasgow.sch.uk with any questions that you may have about your tasks. I would love for you to show me evidence of your great learning also!

How Are You Today?

I would love to know how you are feeling today!
Leave me an emoji on Seesaw.

Health and Wellbeing:

On Wednesdays,
We Workout!

Its time for another one of Joe Wicks PE sessions at home.
Tune into his YouTube channel at 9.00am-9.20am.
Follow the link: <https://www.youtube.com/user/thebodycoach1>

Why not encourage the rest of your family to join in!

Please don't forget to send pictures or videos of your fantastic effort!

*** Remember we have our wellbeing chat at 9.30am today!
I cannot wait to see you all ***

I wonder if you can complete the daily challenge for today. I would love to see pictures!

Today is Day 24:

Literacy:

Spelling Activity:

Fancy Letters

Write each of your words using **fancy writing**. Your letters could be curly or dotty... or whatever you decide!

happy

I cannot wait to see your fancy letters, P5b!

Handwriting Chilli Challenge. I wonder which challenge you will choose today!

MILD - write two sentences that include your spelling words. Remember to use baseline joins and do not join your break letters.

HOT - write four sentences that include your spelling words. Remember to use baseline joins and do not join your break letters.

SPICY - write seven sentences that include your spelling words. Remember to use baseline joins and do not join your break letters.

Come and join me in my direct teaching where we will learn about Fairtrade. I will also read through these comprehensions with you so remember to follow me with your pointing finger.

Then, complete the comprehension questions.

I wonder if you are going to go for Challenge 1 or Challenge 2 today!

Reading Comprehension 1

Fairtrade

What Does Fairtrade Mean?

Some people make a living out of growing or making things to sell. The food and products are shipped all over the world. If the people are not paid a fair price, they cannot live well. Fairtrade is about paying a fair price for things that we buy.

How Does Fairtrade Help?

- It gets better prices for crops.
- It provides better working conditions.
- Extra money is given to communities.

How Can You Help?

Buy products that have the Fairtrade symbol on.

Here are some of the products to look out for:

Comprehension | Questions

Fairtrade Reading Comprehension

Questions

1. Where are food and products shipped to? Tick **one**.
 - the world
 - the UK
 - England

 - survive
 - live well
3. Extra money is given to... Tick **one**.
 - families
 - farmers
 - communities
4. How do you know if something is Fairtrade? Tick **one**.
 - It says Fairtrade.
 - It has a Fairtrade symbol.
 - It has a banana symbol.
5. Tick **two** Fairtrade products available to buy.
 - bananas
 - bread
 - water
 - sugar

CHALLENGE 1

Reading Comprehension 2

Fairtrade

What Does Fairtrade Mean?

What is fair? Is it fair that some people have more than others? Where you are born can affect how wealthy or poor you are. In lots of poor countries, people grow crops to make money. However, too often, people will not give them a fair price for their products. They cannot make any money unless they are given a fair price. Fairtrade is about making the world fairer. It is about giving a fair price for things that we buy. Without a fair price, people do not have money for essentials such as clothes and food.

Did You Know...?

Only one in three bananas sold in the UK is Fairtrade.

How Does Fairtrade Help?

Fairtrade helps to ensure that better prices are paid for crops. Better working conditions are provided so workers are treated well and families can afford to pay for their children to go to school.

Fairtrade also keeps farming sustainable so that crops can be grown year after year.

Reading Comprehension 2 continued

Fairtrade

Fairtrade Products Around the World

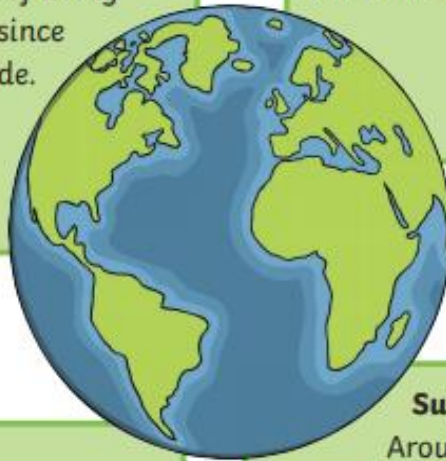

Bananas

Many bananas come from the Ecuador. 78% of banana sellers in Ecuador said their standard of living had improved since joining Fairtrade.

Chocolate

Fairtrade helps farmers in Africa by guaranteeing minimum prices for cocoa beans. Certain supermarkets and shops are dedicated to providing Fairtrade chocolate.

Coffee

When Fairtrade coffee is bought, farmers can provide a better quality of life for their families. They are also able to grow better quality beans.

Sugar

Around 80% of sugar comes from sugar cane. It is grown by millions of farmers in developing countries. The price that many farmers receive for their sugar cane often fails to cover their costs.

Comprehension 2 Questions

Fairtrade Reading Comprehension

Questions

1. **Find and copy** one word that means **rich**.

2. Farmers cannot make money unless... Tick **one**.
 - they are given things for free.
 - they are given a fair price.
 - they are given lots of money.
3. In the sentence: Fairtrade also keeps farming **sustainable** so that crops can be grown year after year.
What does sustainable mean?

4. What does Fairtrade guarantee for cocoa bean farmers in Africa?

5. How many bananas sold in the UK are Fairtrade? Tick **one**.
 - two in three
 - all of them
 - one in three
6. Why is it important to buy Fairtrade products? Explain in your own words.

CHALLENGE

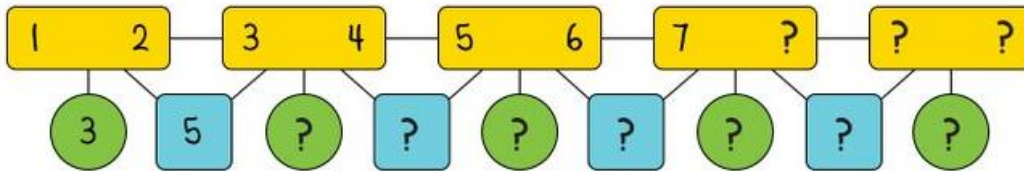

2

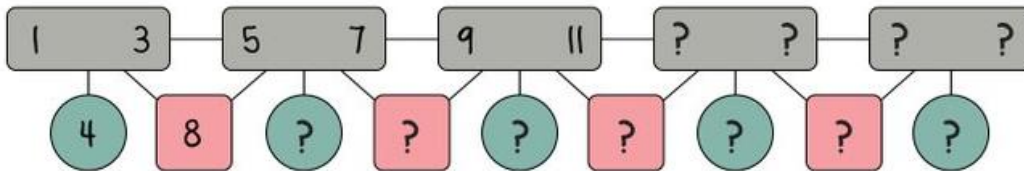

Numeracy:

learning to order decimals.

Come and join me in my direct teaching where we will discuss this

learning. We will also work through some examples before you start your 'Ordering Decimals' activity.

Complete this activity in your home learning jotter, on paper or even on Seesaw if you prefer.

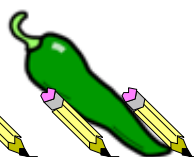

I wonder which challenge you will choose today- **Mild**, **Hot** or **Spicy**?

Choose a challenge that makes you think very hard!

Miss Naeem loves a trier!

Mild

I can order decimals with 1 decimal place.

Order the following decimal numbers from smallest to largest.

1. 0.5 0.4 0.2 0.7

--	--	--	--
2. 0.1 0.6 0.5 0.2

--	--	--	--
3. 0.3 0.1 0.6 0.4

--	--	--	--
4. 0.3 0.2 0.8 0.5

--	--	--	--
5. 0.4 0.9 0.6 0.8

--	--	--	--

Hot

I can order decimals with up to 2 decimal places.

Order the following decimal numbers from smallest to largest.

1. 0.61 0.58 0.42 0.2 0.81

--	--	--	--	--

2. 0.57 0.29 0.14 0.48 0.26

--	--	--	--	--

3. 0.67 0.09 0.7 0.28 0.81

--	--	--	--	--

4. 0.03 0.86 0.49 0.71 0.94

--	--	--	--	--

5. 0.37 0.59 0.53 0.15 0.05

--	--	--	--	--

6. 0.82 0.53 0.06 0.44 0.16

--	--	--	--	--

Spicy

I can order decimals with up to 3 decimal places.

Order the following decimal numbers from smallest to largest.

- | | | | | |
|-------|-------|-------|-------|-------|
| 0.086 | 0.011 | 0.012 | 0.099 | 0.046 |

Topic:

Scotland in comparison to Pakistan.

Over the last few weeks, you have all worked super hard when learning about our topic.

P5b are **AMAZING** researchers!

Here is a fact sheet on Pakistan.

Read it very carefully.

Do you think it will be like a fact file of Scotland?

I wonder if you could create a fact sheet on Scotland.

Include location, Capital, Population, Languages, Climate, Landscape and other areas you wish to include.

Remember this is a fact sheet so write as much detail as you can!

I cannot wait to see your excellent effort!

You could design your own fact sheet or create a similar one to my example.

Good luck P5b!

Pakistan: fact sheet

tigtag*

Location

Southern Asia. Pakistan borders the Arabian Sea to the south, India to the east, Iran and Afghanistan to the west, and China to the north.

Capital

Islamabad

Population
193,238,868
(July 2013 est.)

Landscape

Varied landscape, including mountains, fertile flood plains, deserts, and plateaus.

Languages

Official languages are Urdu and English.

Climate

Mostly hot and dry desert in the south, and cooler in the north.

Natural hazards

Frequent earthquakes, which are occasionally severe in the north and west. Flooding can occur along the Indus River after heavy rainfall.

Floods of 2010

- Unusually heavy monsoons caused severe flooding of the Indus River.
- The city of Peshawar received 312mm of rain in one day.
- Around 2000 people died.
- Thousands of people were injured.
- Many crops were destroyed and livestock were killed.
- Extensive damage was caused to roads, buildings, and infrastructure.
- Around 20 million people were directly affected by the flooding.
- Millions of people were made homeless.
- Increased risk of diseases such as cholera, typhoid and malaria.
