Moral of the Story

Lots of movies and books have a moral or message to their stories. E.g. if you work hard you will be successful or good triumphs over evil.

1. Think about how the main character behaved at the start and how they behaved at the end. Describe how their behaviour changed throughout the movie.
2. Pick a character in your movie – you can pick anyone (hero or villain). Write down any advice that would you give to this character at the start of the movie.
3. Think about the message in your movie. Write 1 sentence that sums up the moral of the story.

The Ending

1. Describe how the movie ended. Remember all the work we did on describing a setting in term 3.
2. Were you happy with the ending? Give reasons why or why not.
3. You are the executive director, and you don't like the ending. Write a new ending for your movie.

Sometimes movies end with a cliff hanger. Cliff hangers can leave people wondering what happened next. Do you think it is fair to end a movie this way? Give reasons for your answer.

Scottish Poem

Rehearse your poem and film your performance.
Watch it back. Can you add actions or expression to make it even more fantastic?

Numeracy – Sumdog
