Tae A Virus
By Willie Sinclair

Twa months ago, we didna ken,
Yer name or ocht aboot ye
But lots of things have changed since then,
I really must salute ye.

Yer spreading rate is quite intense,
Yer feeding like a gannet
Disruption caused, is so immense,
Ye've shaken oor wee planet.

Nae shakin hawns, or peckin lips,
It's whit they awe advise
But scrub them well, right tae the tips,
That's how we'll awe survive

Just stay inside, the hoose, ye bide

Nae sneekin oot for strolls
Just check the lavvy every hoor
And stock-take, your, loo rolls
Your holidays have been pit aff
Noo that's the Jet2 patter
Pit oan yer thermals, have a laugh
And paddle 'Doon the Waater'
Ye might be gallus noo ma freen
As ye jump fae cup tae cup
But when we get oor vaccine made
Yer number will be up.

Social Studies L.1-1

We are so lucky to have such wonderful Scottish musicians and song writers. This afternoon I would like you to spend time research some Scottish bands/singers on YouTube. Examples are; Eddi Reader, Decan Blue, Travis and Del Amitri (all amazing, enjoy).

Once you have spent some time doing that I would like you to answer the following questions;

1. Which bands/singers do you listen to? (at least 5)
2. Which was your favourite?
3. Which was your least favourite?
4. Did you have a favourite song?
5. Can you give me two facts about the singer/band?
6. If you can, upload the song to Seesaw and I will have a listen.
